

ZEUS Rifle cal. 12,7x99mm BMG

MAIN CHARACTERISTICS

The ZEUS is a bolt action rifle chambered for standard 12,7x99mm (.50 BMG) cartridge, originally developed and nowadays manufactured in Slovak Republic (EU). High precision and at large distances - is fulfilled by this gun and confirmed in extreme conditions. Barrel is made of high-quality materials and its interior is hard-nitrided, which provides long service life and excellent precision. The ergonomics of the adjustable plastic stock provides safe and comfortable position of the shooter during firing. Iron sights with tritium tubes enable aiming in conditions of low visibility. The long Picatinny rail fixed on the upper surface of the weapon receiver enables the assembly of various types of telescopic sights and night optics. The standard daylight telescopic sight for the ZEUS is modern zoomable 6-26x56° ZD. The rifle back-up add-on adjustable back-up iron sights with a sliding tangent rear sight which can be adjusted from 100 m up to 1.600 m. The best results are obtained at ranges up to 1.800 m. The max. aiming distance offered by the optical telescopic sight is 2.000 m but effective range is max. 1.600 - 1.800 m. For maximum precision of firing should be used special sniper 12,7x99mm NATO ammunition.

ZEUS ANTI-MATERIAL SNIPER RIFLE BASIC TACTICAL-TECHNICAL CHARACTERISTICS
